

Privacy Tips

Surf Warning!

Filters & Security

Like the Warning Signs or Surf Warning Flags at the Beach... Filters, Security (Firewalls) and other software can be installed on your computer to help keep

YOUR PI

Safe while you are Online.

And some may even give out warnings onscreen when someone (a PI Shark) is trying to access "Your PI" stored on a computer.

Just like it's a good idea to know if it's safe to surf in the ocean...

It's a good idea to make certain it's Safe to Surf Online.

Make sure you have protective software installed.

**SURF SAFE...
WATCH OUT FOR
"PI Sharks"**

"Surf SAFE...Surf SMART"™

KACO says...

Keep "Your PI" Safe
(Personal Info)

Ask The "5 W's"

1. **Who** Wants My PI And **Who** Will get to see My PI
2. **What** Do They Do With My PI (Sell It, Share It, List It)
3. **When** Can Others See My PI
4. **Where** Is My PI Stored And **Where** Will My PI be Sent
5. **Why** Do They Need My PI

PI Pirates

Remember SURF SMART.
"Your PI" is just that...
YOUR PI.

Don't give out "Your PI" to just anyone.

It's like a treasure map to your home, school, family, activities, how old you are, what you like, what you think is COOL, and alot more.

**SURF SMART
LOOK OUT FOR
"PI Pirates"**

Parents & Primary Caregivers

Your Parent(s), or Primary Caregiver, can help you "Surf Safe...Surf Smart"™.

If a person, Online web site form, IM, Mobile Text Message, or email, asks for "Your PI"....

Don't give it out.

Have your parent(s), or primary caregiver, read the message, or form, and see if they know the person, and if it is safe to give an answer about "Your PI".

Also ask them to help you find out WHY someone wants "YOUR PI", and how "YOUR PI" will be used.

If a FORM: Have them read the web site "Privacy Policy" first, and LEARN WHY AND HOW "Your PI" will be used.
